Kashish Ochani

About Us

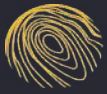

Recounting wizard of oz, when Dorothy found herself “not in Kansas anymore” she followed the yellow brick road all the way back home. To Dorothy that road was more than a serpentine path of yellow brick. It was a symbol of good things to come, of home and everything that it stands for- hope, beauty, comfort, cosines and a sense of being. What makes a house a home? Family; for sure. But it doesn’t stop there. We at the yellow brick route believe that your home is an extension of you and needs to reflect your essence and unique sense of style and refinement. We bring home décor crafted to appeal to your eyes and your soul. In a home, the furniture you choose plays a major role in creating that unique sense of you. Explore our unique collection where each furniture piece meets modern sophistication. Elevate your living space with our curated selection, marrying classic allure with contemporary style. Welcome to a world where tradition meets innovation, only at Yellow Brick Route.

From the elegant latticework of garden seating to the stoic classic styles of writing tables, our range of handcrafted furniture are carefully crafted by our family of talented artisans. Dynamic designs influenced by space explorations, science, and new technologies also tend to work as a constant source of inspiration. These clean designs take on the persona of their

Bespoke

We don't make furniture. We make works of art. The mass production method and conveyor belt approach of churning out furniture with no soul goes against our very philosophy. Our in house artisans with their expertise in craftsmanship and traditional aesthetics create works of art that form an extension of our client's personalities. We believe in celebrating the uniqueness with which everyone of us are blessed. We take due time to understand our client's vision and our artists handcraft their vision into works of reality that celebrates the spirit of uniqueness and singularity. Our designs create a
